

ELF SPORTI 9 R 5W-30 is a very high performance engine oil specially designed to meet Renault & Dacia's latest requirements.

Technical Data Sheet

International Specifications

ACEA C3, C2

Manufacturers Approvals

Meets the requirement of :
MB-226.52
RENAULT RN17

* Refer to the maintenance book of your vehicle to know the recommendation of the manufacturer.

1 - Applications

ELF SPORTI 9 R 5W-30 is an Advanced Synthetic Technology lubricant specially designed to meet the latest engine oil requirements and is RENAULT RN17 approved.

2 - Customer Benefits

Enables the optimization of post-treatment that enables high reduction of pollutant emissions, thanks to low rates of Sulphated Ash, Phosphorous, and Sulphur (low SAPS).

Outstanding oxidation resistance, preventing any degradation even in very severe conditions.

Exceptional wear protection for a better durability of the engine.

3 - Characteristics

TEST	TEST METHOD	UNITS	VALUE
Density at 15°C	ASTM D1298	kg/m ³	853,2
Kinematic Viscosity at 40°C	ASTM D445	mm ² /s	74,7
Kinematic Viscosity at 100°C	ASTM D445	mm ² /s	12,3
Viscosity index	ASTM D2270	-	163
Pour point	ASTM D97	°C	9,7
Flash point	ASTM D92	°C	232
TBN	ASTM D2896	mgKOH/g	-
Sulphated Ash	ASTM D874	% m/m	-

* The characteristics given above are obtained with a standard tolerance threshold during production and may not be considered specifications.

4 - Recommendations for Use

Before using the product, the vehicle's maintenance guide should be checked. Oil changes should be carried out in accordance with the manufacturer's recommendations.

The product should not be stored at temperatures over 60°C. It should be kept away from sunlight, intense cold and extreme temperature fluctuations. If possible, the packaging should not be exposed to the elements.

Otherwise, the drums should be laid horizontally in order to avoid any contamination from water and to prevent the product's label from rubbing off.

5 - Health, Safety and The Environment

Based on the toxicological information available, this product should not cause any adverse health effects, provided it is used for its intended purpose and in accordance with the recommendations laid out in the Safety Data Sheet (SDS).

The SDS is available on request from your local reseller and at <https://ms-sds.totalenergies.com>.

This product should not be used for any purposes other than the ones for which it is intended.
